CGSC Foundation Scholarship Program

Program Overview and Application

The Program

The CGSC Foundation Scholarship program is open to graduating high school seniors who will begin their college level studies in 2022 or to currently enrolled college undergraduate students in the first three years of their studies (freshman through junior year) who will continue their studies in 2022.

The Foundation will award at least two \$500 cash scholarships to high school students and at least two \$500 cash scholarships to college students. Additionally, the Foundation, with the generous support of Park University, will award \$3,500 scholarships to Park University. The Park University scholarships are for full-time students for the academic year (the award will be split between the fall and spring semesters). These scholarships can be renewed for up to three years at Park University's discretion if recipients maintain full-time status, have a 3.0+ GPA, and demonstrate satisfactory academic progress.

In the application, students must select which scholarship they are applying for – the \$500 cash scholarship or the Park University \$3,500 scholarship.

The Foundation will notify winners in April.
