## CGSC Foundation Scholarship Program

### **Program Overview and Application**

#### **The Program**

The CGSC Foundation Scholarship program is open to graduating high school seniors who will begin their college level studies in 2023 and to currently enrolled college undergraduate students who will continue their studies in 2023.

The Foundation will award five cash scholarships: one \$5000, one \$1000, and one \$500 to students who are beginning their college education; and one \$1000 and one \$500 scholarship to students who are continuing their college education. Park University will award three \$5000 scholarships for qualified applicants. The Park University scholarships are for full-time students for the academic year (the award will be split between the fall and spring semesters). These scholarships can be renewed for up to three years at Park University's discretion if recipients maintain full-time status, have a 3.0+ GPA, and demonstrate satisfactory academic progress. This Park University scholarship cannot be combined with any other Park University scholarship.

In the application, students must indicate if they wish to be considered for a Park University scholarship.

The Foundation will notify winners in April.
